Moore Wins Pro-Drag @ Gypsy Rendezvous Nationals

Shake, Rattle, & Roll !!

Many thought it was the earthquake in St. Louis that registered an impressive 5.2 on the richter scale. Actually, it was Mid-Continent Motorsport's Pro-Dragster Champion, Rick Moore - rockin' @ Gateway International Raceway!

Once again, Moore competed in three pro classes at the Gypsy Rendezvous Nationals. He qualified first place on the Pro-Dragster with best E.T. of the class, 7.398 at 172.36mph. However, the opposition was fierce as competitor Terry Stewart qualified second place with a notable E.T. of 7.571 at 166.89mph. Moore secured a first-round bye run, as he broke the beam to advance to the semi-finals (against Rocky Jackson) - where he had best E.T. of the day, with an E.T. of 7.386 @ 175.57mph. Then it was every team-owner's dream as Mike Bahnmaier watched his riders duke it out to the finish. Chuck Jones ran lucky number 7.777 pass - however, it wasn't enough to keep Moore out of the winner's circle. Moore finished the win with an E.T. of 7.410 @ 173.78mph.

Moore qualified third place and finished third place in the Pro-Gas class. It was David Hope, riding a160ci S & S /Buell for Vroom Racing (owned by John Hammock), who qualified first place. But veteran Mike Lozano's machine was unbeatable as he took the trophy with an impressive E.T. of 7.218 @ 187.31mph.

Seat-time was the name-of-the-game for Pro-Fuel competition. Moore made three passes on the bike, and sustained a first-round loss to record-setter, Tak Shigematsu who clocked a new Pro-Fuel record E.T. 6.567 at 212mph, and backed it up with a 6.52 at 209mph!!

AHDRA drives to Ennis, Texas, this weekend for competition at the Lone Star Nationals. Follow-up @ mooreperformanceracing.com for the latest news, as Rick Moore attempts to win the race for Kresto, Pro-Drag class sponsor.
